IXL

IXL is a website used to learn, practice, and build upon skills in Math, Language, and Science and Social Studies.

IXL is a secondary platform, used hand in hand with Acellus (the primary learning platform)

Here is the link to the website = ixl.com

Here is a tutorial video on how to login to **IXL**, find assignments, and complete them

[Return to Parent and Student Resources](#)

Acellus

Acellus is a website used to learn, practice, and build upon skills in Math. This website is the primary platform for our students' distance learning in Math.

Here is the link to the website = acellus.com

Here is a tutorial video on how to login to **Acellus**, navigate the platform, and do assignments

Google Classroom

Google Classroom is the online platform where class takes place. All class posts, announcements, assignments, quizzes, tests, and Zoom meeting notifications occur here.

It is vital that students check **Google Classroom** as well as their emails **EVERY DAY**.

Link to the website = classroom.google.com

Here is a tutorial video on how to login to **GC**, navigate the platform, find assignments, and turn in assignments

Illuminate

Illuminate is the database where students can view their grades and missing assignments. It is also where report cards are generated and student information can be found

Link to the website = srcs.illuminatehc.com

Here is a tutorial video on how to login to **Illuminate**, view grades, and view missing assignments
